

OUR CHAIRMAN WOULD LIKE TO ANNOUNCE
THE OPENING OF OUR NEW DELAWARE OFFICE.

John E. Harms, Jr. and Associates just had another growth spurt.

That's right! We're 50 years old and growing like a schoolboy. Just last year we opened a new office on Maryland's Eastern Shore. And this spring, we've opened a new office in Georgetown, Delaware. Our newest office will provide clients in Delaware the same quality planning, engineering, and surveying services that Harms and Associates presently offers throughout Maryland. We're proud to expand our footprint across the Mid-Atlantic region, and we can't wait to work with you in Delaware. We look forward to building strong partnerships with our new neighbors.
